EDUCATION

- 2023 - 2027
KSV UNIVERSITY
- Computer Engineering

ABOUT ME

Hi, I'm Tirth Sapariya, a passionate Full-Stack Developer with experience in building modern and scalable web applications. I specialize in React.js, Next.js, Node.js, PostgreSQL, MongoDB and modern web technologies to create efficient and user-friendly digital solutions. I enjoy solving complex problems, learning emerging technologies, and continuously enhancing my technical and development skills.

INTERNSHIP EXPERIENCE

Web Development Intern Spark Digishine

05/2026 - 07/2026
3 Months

- Developed responsive and user-friendly **web applications** using **React.js** and **Tailwind CSS**.
- Assisted in developing **RESTful APIs** using **Node.js + Express.js**.
- Worked with **MongoDB** for database design, data storage, and **CRUD** operations.
- Integrated frontend and backend functionalities to create **full-stack web solutions**.
- **Certificate** : [Click here to view certificate](#).

PROJECTS

Travelix - Travel Booking Platform

- Developed a **full-stack** travel booking web application that allows users to explore destinations and book trips online.
- Built a modern user interface using **React.js** and **Tailwind CSS**.
- Implemented user authentication using **Firebase Authentication**.
- Developed **RESTful APIs** using **Node.js + Express.js** for trip management and booking operations.
- Integrated **MongoDB** for storing user, trip, and booking data efficiently.
- Enabled users to browse travel packages, view trip details, and make bookings seamlessly.
- **Live** : [click here to view the project](#).
